

Bob Dylan - Positively Fourth Street

Tuning: E A D G B E No Capo

Note: lowercase e = E minor

you've got a lot of nerve to say you are my friend
 when I was down you just stood there grinnin'
 you got a lot of nerve to say you got a helpin hand to lend
 you just want to be on the side that's winning
 you say I let you down, you know it's not like that
 if your so hurt why then dont you show it
 you say you've lost your faith but that's not where it's at
 you have no faith to lose and you know it
 I know the reason that you talk behind my back
 I used to be among the crowd you're in with
 do you take me for such a fool to think I'd make contact
 with one who tries to hide what it don't know to begin with
 you see me on the street, you always act surprised
 you say how are you good luck but you don't mean it
 when you know as well as me you'd rather see me paralyzed
 why dont you just come out once and scream it
 now I do not feel that good when I see the heart breaks you embrace
 if I was a master thief perhaps I'd rob them
 and you know I know you're dissatisfied with your position and your place
 dont you understand its not my problem
 I wish that for just one time you could stand inside my shoes
 and just for that one moment I could be you
 yes I wish that for just one time you could stand inside my shoes
 you'd know what a drag it is to see you
